Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

(Note that as of October 1, 2002 a new **Art Unit 2655** was established that includes this application, and that this new AU number should be used in all future correspondence.)

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 15 October 2002 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 15 October 2002 was filed after the mailing date of the Notice of Allowance on 15 July 2002 and was filed with the Request for Continued Examination (above). The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

3. Applicant is advised that the Notice of Allowance mailed 15 July 2002 was vacated in consideration of the Request for Continued Examination (above).

- The finality of that action is withdrawn.
- The indicated allowability of claims 1, 3-7, 8, 10-17 and 27 was withdrawn in view of the Information Disclosure Statement submitted with that RCE.
- The renumbering performed in accordance with 37 CFR 1.126 to reflect the removal of cancelled claims was undone, causing the numbering of the claims to reverted to their state prior to the Notice of Allowance mailed 15 July 2002 for the purpose of conducting the examination.
- The claims were subsequently examined on the merits.

4. Claims 1, 3-7, 8, 10-17 and 27 are allowed.

5. The following is an examiner's statement of reasons for allowance:

- Regarding claims 1 and 8; where the prior art of record is typical in enabling a device on recognition, the normal process exemplified by Andreshak et al (U.S. Patent 5,664,061 A), Launey et al (U.S. Patent 5,086,385 A) and Forse (U.S. Patent 4,912,766 A) – to continue operation until subsequent commands are recognized – teaches against that feature of the instant application, being that of the speech recognition actively preventing operation while the signal processing

is ongoing. Consequently, the indicated feature of the claims is neither anticipated nor was it found in obvious combination in the prior art of record.

- Regarding claims 3-7 and 10-17; the claims depend on claims that have been allowed and for that reason are they also allowed as a consequence.
- Regarding claim 27, the requirement for an *audio command to have both a 1st & 2nd word with three pauses of one syllable duration* each is neither anticipated nor was it found in obvious combination in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The claims have been (again) renumbered in accordance with 37 CFR 1.126 to reflect the removal of cancelled claims. Corresponding adjustments to references were done.

7. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Daniel A. Nolan at telephone (703) 305-1368 whose normal business hours are Mon, Tue, Thu & Fri, from 7 AM to 5 PM.
